2014 MAURY L. CARTER & ASSOCIATES REAL ESTATE UNDERGRADUATE AWARD RECIPIENT, UNIVERSITY OF FLORIDA

Warrington College of Business Administration, Bergstrom Center for Real Estate Studies - NEWS

Congratulations to Avery Dorr (MSRE '16), for recently being awarded the Maury Carter & Associates Undergraduate Real Estate Award from the ICSC Foundation. Thanks to Advisory Board members Daryl Carter and John Crossman, who were instrumental in raising the money for the scholarship.

Thanks to your generosity
the ICSC Foundation is proud to introduce the 2014
Maury L. Carter & Associates Real Estate Undergraduate Award Recipient

AVERY S. DORR

Let's get to know our scholarship winner:

I am a forward thinking, fourth year, student at the University of Florida pursuing a combined Bachelors of Science in Finance and Masters of Science in Real Estate. I have a passionate desire to solve problems and inspire growth by utilizing both leadership and communication skills. I strive to achieve goals through strategic planning and motivating others around. During my college career I became both a student member of ICSC and an attendee of the ICSC conference held in Orlando, Fl. In the future, I anticipate increasing my professional exposure, while also creating an expertise in the real estate industry. My long-term objective is to pursue a career in real estate development.

What this scholarship means to Avery:

"I am thrilled to be recognized by the ICSC Foundation and appreciate the opportunity to represent the University of Florida. This scholarship will be very beneficial to my success as a student. I appreciate the ICSC Foundation and their generosity. I intend to give back to this great organization in the future with both my time and resources. Again, I would like to personally thank each member of the ICSC Foundation, the University of Florida faculty and Mr. Maury Carter for their contributions and continued support."

Thanks to you, the ICSC Foundation raised \$72,800 towards
Maury L. Carter & Associates Undergraduate Award fund at UF.
